

Matheus Henrique Bozio

PRODUCT DESIGNER | UI/UX DESIGNER

São Leopoldo, RS, Brazil | matheushbozio@gmail.com | +55 51 99428-6098 | Portfolio: behance.net/bozio | LinkedIn: /matheushenriquebozio

PROFESSIONAL SUMMARY

Product Designer and UI/UX Designer with 5+ years of experience in digital products and 10+ years in Design. Experienced in Product Discovery, user research, UX/UI Design, Design Systems, information architecture, high-fidelity prototyping, and usability testing. Strong cross-functional background working with Product, Engineering, and stakeholders to define requirements, improve user journeys, and deliver scalable web and mobile products, with experience in product management, roadmaps, backlogs, accessibility, and data-informed design.

CORE SKILLS

Product & UX: Product Design | UI/UX Design | Product Discovery | User Research | Design Thinking | Journey Mapping | User Flows | Wireframing | High-Fidelity Prototyping | Usability Testing | UX Writing | Information Architecture | Accessibility | Product Strategy | Roadmap | Backlog | Agile

Design & Tools: Figma | FigJam | Design Systems | Interface Design | Adobe Creative Suite | Analytics | User behavior monitoring

WORK EXPERIENCE

Mell.ro | Product Designer

2026

- Improved the user experience of a property rental management and analytics platform across web and mobile products.
- Restructured navigation, sitemap, menus, information architecture, and critical user journeys to improve clarity, operational efficiency, and scalability.
- Designed and refined interfaces, high-fidelity prototypes, functional and front-end documentation, and developer handoffs.
- Defined product requirements with stakeholders and evolved workflows related to tenant financial analysis.

Bradesco / Qibit | Senior Product Designer

2025

- Conducted user research and journey mapping for AtendeBra, an internal service and support platform for Bradesco customers.
- Identified key user needs and prototyped solutions to improve accuracy, speed, and workflow organization.
- Consolidated multiple interfaces into a single environment to improve operational control and information centralization.
- Implemented tagging and user behavior tracking to monitor usability, generate insights, and continuously identify optimization opportunities.

ALPER / AlperTech | Product Designer / UI/UX Designer / Product Owner

2023 - 2025

- Worked end-to-end on interface design and user experience evolution, conducting Research/Discovery, Design Sprints, and flow definition.
- Created user flows, wireframes, interactive prototypes, and interfaces, while building and maintaining the Design System.
- Planned and conducted usability tests to validate solutions and support continuous product improvement.
- As Product Owner, defined and prioritized the backlog, managed the roadmap, and supported feature delivery based on user needs and feedback.
- Collaborated across Design, Product, Engineering, and stakeholders, connecting research, product strategy, and execution.

EDUCATION

Bachelor's Degree in Design - Feevale University, Novo Hamburgo | 2014 - 2021

Technology Degree in Marketing - Uninter, São Leopoldo | 2012 - 2014
